# The Offers

On Kudos Network **16%** of the offers available are free to complete. However, do note that nearly all of these require you to enter some sort of card (debit/credit) information.

## **Why do they need card information if it's free?**

Although it's all free, the advertisers want to make sure that the customers that Kudos is sending them are real. The best way to do this, is to ask for card information just to clarify your identity. Otherwise, people could just sign up for loads of accounts, and the companies and Kudos would be missing out.

# The Free Offers

## What offers would we recommend to complete then?

When we first signed up, we completed the LoveFilm 2 Months offer. This was just a simple signup at LoveFilm.com, and then a free trial of the LoveFilm service.

Here's just a few of some of the offers that you **could** try!

# Gaming Offers

Here's some of the gaming offers. Please note that for most of these, you'll have to be 18+ due to the nature of the site!

# Financial Offers

These offers are all financial offers, many of which are loans and credit cards. These are great if you've been considering getting a new card. Why not get your card, and complete your offer in one! Again 18+
